

TNH23 RUN INFORMATION

- All runs start at the venue at 10 AM, except the Ball Breaker and Bike Hash. There will be a staggered start (around 5 minutes apart).
- Sign on for the runs will be open from around 9AM (except Ball Breaker and Bike Hash).
- There is a cap for each run of 100 runners; once the run is full please choose another.
- Please sign on and sign off at the end so we don't lose anyone.
- Hare's have been asked to cross-roads at designated crossings for safety. Please use these locations.
- Trailers will be available to put bags on to but you shouldn't need much at the run sites that are away from the venue. Beers and other drinks will be in cans.
- You will need your water bottle from your goody bag for water (City of Darwin has a no single use plastic policy).
- This is Darwin; you won't need warm clothes.
- In case of emergencies – call or text CBD on 0413556444

Short walk one

Hare: Oops (Darwin Hash and Harriette's)

Approximately 4 km

Marks: Pink arrows

A short walk with one of our Harriette's through one of the older suburbs of Darwin (Stuart Park); gives a variety of parks and up and down, plus a broad range of residential. Venue to venue so everything will be here for you at the end including your bags which you can leave in the care of our security.

Short Walk two

Hare: Long Grass (Casuarina and Top End Hash)

Approximately 4 Km

Marks: traditional flour

A historic walk with gentleman Hasher Long Grass. Will take in some historic sites including cemeteries so our more senior Hashers can pick a good spot.

Again, venue to venue so leave your bags and everything on site.

Short run one

Hare: Dregs & Good Head (Top End Hash)

Approximately 6 Km

Marks: Arrows with an S (\$)

The first of our short runs and last venue to venue.

Dregs setting with Good Head hosting the wet check near the historic Fannie Bay Gaol. This Mother/Daughter team never fail to deliver a good run.

Short run two

Hare: Mouthful & 457 (Darwin Rural and Top End Hash)

Approximately 6 km

Marks: Blue arrows with an R

Rural Hash have crossed the dusted off their passports and crossed the Berrimah line for an urban run. Takes in the edge of the city and ends at an Oval in picturesque Cullen Bay. Rural tell me they have all the props for their circle.

Medium run

Hare: Backpage and helpers (Top End Hash)

Approximately 6 – 8 km (depending on short cuts)

Marks: Yellow tape & chalk

Swimming is generally not recommended anywhere but in swimming pools in the Top End due to the crocs; but this run will finish at one of the few safe swimming spots in the Darwin area. Trails will include urban and bit of off-road running.

Long run

Hare: HIV assisted by Dawn Service and Gropa – Darwin and Top End Hash

Approximately 10 – 12km

Marks: Orange tape and chalk

HIV is notorious in Darwin circles for his runs where trail is not followed and checks are not held. We've teamed him up with Dawn Service and Gropa to add in a few short cuts and to make sure this run is fun as well as challenging. HIV does know a lot of songs though so be ready to sing. Run includes bush and finishes in a bush setting with a view of the Darwin CBD.

Ball Breaker – starting at 7 AM

Hares: Crusty Crab, Happy Hooker, Wet Spot & Watzhisname

Length: if you need to ask, don't go (approximately half marathon, so 21ish km)

There will be some short cut options but we will also have cut offs to ensure safety and meeting the bus.

Marks: White tape or chalk arrows with a BB

My inbox has been inundated with descriptions and updates of this run and its route. It's probably had more routes than a Harriette at Nash Hash. Will take in urban and bush. Ends in a bush setting but there is a plan for a quick circle then moving to another site to get you a swim to cool down. There will be water points on the route but best if you also have hydrations options on the run.
